It is not known whether, when a Trust Board is constituted under the new Act for the improvement of Bangalore city it would still be necessary to continue to have an improvement Committee of the city Mlp. No doubt this would be a committee created under the provisions of the city Mlp Act 1933. The functions of the Trust Board & the improvement Committee would clash at several points. Having regard to these facts, it is for consideration if the City Improvement Committee should be continued. If it is to be continued

We will decide the area of operation & see that they will not clash
